Happy greetings from Khayelihle Children's Village.

The organisation still has 89 children residing at the Village and 105 in the Community Orphan Care Programme.

Private lessons were organised for our children who are in grade 6 and 7 and those in form 4. This has been done because of the teachers' strike. These children will be writing their end of year examinations this year which will determine their eligibility to the next level.

All the KCV projects are going on as planned and hoping that we will be able to harvest the crops in our fields.

In this update, we will feature Nyarai Moyo's story. Nyarai is one of our eldest children and is happy to be sharing her experience with you.

**Nyarai Moyo**

She says, "They are too many reflections that come to my mind when I think of KCV, the epitome of my being".

Friday the 4th of December 2009 was a turning point for her. It is the day she graduated from Midlands State University in Zimbabwe with a Bsc Psychology Honours Degree. She sees herself fourteen years ago where KCV moulded her into a responsible someone and allowed her to make her dreams come true.

Life at KCV has been a joy for her, living with people with love and compassion. She sees a family who have unending love and who care for each other because they are a family. To her, she feels it is a pleasure to watch her young brothers and sisters play together and possess the eagerness to lead prayers during the evening devotions at the Village.

She praises the good Lord and appreciates everyone's hard work for transforming their lives at KCV. She thanks everyone for giving her hope and thereby igniting in her the desire to make a difference in other people's lives.

May the good Lord bless you all.

Jabulani.

Whoa, we  
can't go  
any farther  
so we will  
have to  
stop right  
here.
